Dear President,

In my previous message, or one you may have seen from our last bi-weekly update, I explained that we are monitoring the pandemic with the utmost caution and will provide daily updates with the latest information.

We have developed a comprehensive response to the current situation and will be sharing it in this message. This includes plans for the return of students to campus to maximize the educational experience while ensuring the health and safety of everyone.

In response to your request to have as much in-person instruction as is safe, while allowing for some distance learning, we are aligning our plans with those of other Jesuit institutions, as we believe this approach is most consistent with the value of a Jesuit education.

We appreciate your input and will continue to gather as much feedback as possible. Our goal is to return to school with the safety of all students as our priority, while also providing a quality educational experience.

Thank you for your commitment to the Jesuit mission and for your support of our students during this challenging time.

Sincerely,

[Your Name]
